PROFESSIONAL SUMMARY

Motivated and enthusiastic Java developer with a strong foundation in object-oriented programming principles and Java fundamentals. Possessing a keen aptitude for learning and adapting to new technologies, I am eager to leverage my academic background and practical skills to contribute effectively to dynamic development projects. Proficient in coding, debugging, and problem-solving, I am committed to delivering high-quality, efficient solutions while collaborating within team environments. Seeking an opportunity to apply and enhance my Java expertise in a professional setting while continuously expanding my knowledge base.

SKILLS

Front-End Development : HTML, CSS, Bootstrap, Javascript

Backed-End Development : Java, JDBC, Android, Python, PHP, C, C++.

Databases : MySql, PL/SQL.

Version Control : Git
